MEET THE VOLUNTEERS

Newly Elected PMIMY President, David Khaw, PMP®

David Khaw officially took over the helm as the newly elected President of PMI Malaysia Chapter during the Annual General Meeting on June 19, 2021.

He articulated his vision for the PMI Malaysia Chapter in his 6P manifesto, which is outlined below:

Here is 6Ps Manifesto for our chapter to support our vision and mission:

1. Platform – To create a safe, trusted, agile, fun and pivot platform for our members to grow, seek help and connect.
2. People – To empower our Volunteers, Members including non-chapter members, Women, Youths, Seniors, and our Society to turn ideas into reality.
3. Practice – To create the opportunity for our members to practice all PMI standards, practice guides, principles, disciplines, knowledge, skills and techniques within and beyond the chapter as life skills, learning skills, career skills, business skills, people skills, and digital skills.
4. Prospect – To create opportunities for our members to grow and seek a better career, job, business, networking, friendship, and fellowship prospects.
5. Pride – To make our members feel proud to be part of our community to grow, give back, and transform.
6. Passion – To create an opportunity for our members to develop a passion for leading, sharing, mentoring, and coaching.

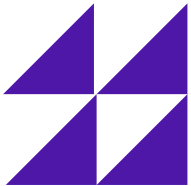

We lead change

We have a vision for the future and know what's needed to make it happen.

Newly Elected PMIMY President, David Khaw, PMP®

David also stated that the PMI Malaysia Chapter's vision is to be a "Champion to Power the Project Economy in Malaysia" by "Strengthening Ourselves by Enabling Our Chapter and Empowering Us to Turn Ideas into Reality." Joint efforts and collaboration among Board Members, volunteers, and members will undoubtedly drive success toward the vision and mission.

During a separate one-on-one interview, David spoke passionately about his experience as a volunteer with PMI. David has taken on various volunteer tasks since joining in 2009, and has accumulated some accomplishments and lessons learned. But one in particular stood out in 2017, when David served on the community involvement committee of the PMI Education Foundation. David has met many wonderful people from all over the world during this time and exposed to a wide range of cultures. Most importantly, David was grateful for all of the funded travels to various locations such as Philadelphia, Bangkok, Penang, and networked with other PMI volunteers.

INNOVATION

New ideas. New products. New methods. Constant transformation is what helps us tackle new problems and find fresh solutions. We know that the world isn't one-size-fits-all. We bring new takes on everyday things to constantly move forward and make life better across the world.

GROWTH

Change and transformation, while at times unfamiliar, spur progress. Whether it's skill development or organizational expansion, growth brings new opportunities into our economy—and contributes to the greater good.

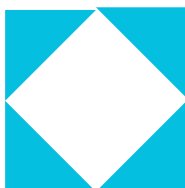

TEAMWORK

Projects are delivered by people, but winning projects are delivered by teams. Project delivery relies on team players and people who contribute added value to any project, making the team stronger.

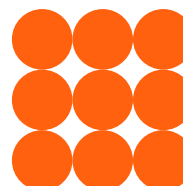

VISION

This can mean being unconventional. It can mean coming up with new ideas to solve new challenges. It's about perspective, seeing the big picture, and the ability to create solutions for now that are sustainable for generations to come.

OUTCOMES

We celebrate not just the process, but the positive impact that projects around the world make on society. We're changing the world—for the better—one project at a time.

COMMUNITY

The people that are part of our world make it what it is today. Our community is one of our most valuable assets. We celebrate it and keep it going by welcoming all who wish to join us to make the world a better place.

Up-close in a brief with...

Immediate Past President, Krishnan Srinivasan, PMP®

On a beautiful but warm Saturday afternoon, Krishnan Srinivasan, Immediate Past President (Former President) PMI Malaysia, vividly talked about his personal experience and insights in serving PMI Malaysia.

Krishnan passed his PMP in year 1992 while he was working as a professional in Penang, one of the states in northern region. For several years during his stint to Penang, he went into extra miles in attending the PMIMY's Annual General Meetings. To him, it was not a big deal to drive all the way from Penang to KL and vice-versa – just for the AGMs.

He was very passionate with the volunteering activities since his early days in PMI Malaysia Chapter. During the recent PMIMY's 23rd Annual General Meeting, Krishnan had inspired the members with the recollection of his rich volunteer experience that was summarized in 7 lessons learnt with major highlights of the various key successes, including significant growth in the membership and values to the members.

- Balance of fund, PMP certified members were increase from year 2012 to year 2020, etc.
- Open for inclusivity (e.g. PM Women Network)
- Attract new members with social sponsored initiatives, e.g. Chapter Guest Pass, etc.
- Symposiums, etc.

We build community

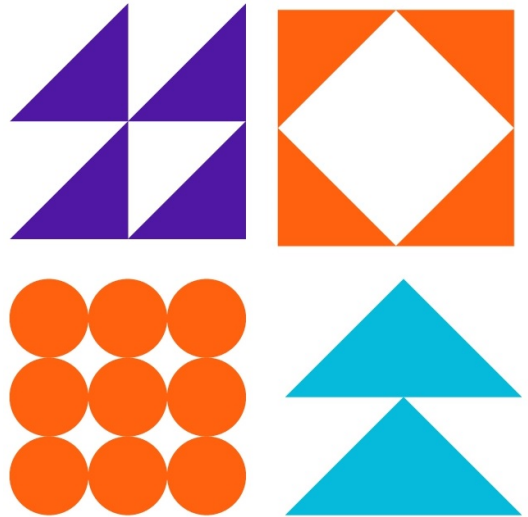

Connecting people to the right resources, tools, networks, and communities they need to reach their full potential.

Up-close in a brief with...

Immediate Past President, Krishnan Srinivasan, PMP®

As a matter of facts, several key initiatives were Krishnan's "brainchild" ideas together with the former Board of Directors. For example, he established special interest groups via Whatsapp and reached out to the members. Also, using Whatsapp as a communication tool, it worked pleasantly well, especially to attract non-members outside of Klang Valley and even to some remote areas. Some successful Whatsapp groups are as follows:

- SIG-IT
- SIG-Manufacturing
- SIG-Consulting

2019 Krishnan with Project Management Institute (PMI) chairman Randall T. Black

We wish Krishnan all the best in his future endeavor and sincerely thankful for all his remarkable contributions to PMI Malaysia Chapter.

We cultivate passion

Nurturing the hearts and minds of people, gearing them for achievement with a dedication to deliver real outcomes.

PMIMY OCTOBER EVENTS
