ARTIFICIAL INTELLIGENCE

MONTHLY NEWSLETTER OF PMI MALAYSIA CHAPTER

DIGITAL TRANSFORMATION

Artificial intelligence (AI) is revolutionizing digital transformation across industries.

By harnessing the power of AI, organizations can automate processes, analyze vast amounts of data, and gain actionable insights.

AI enables businesses to make informed decisions, enhance customer experiences, and drive operational efficiency. Through AI-driven algorithms and machine learning, companies can unlock new opportunities and stay ahead in the competitive landscape.

AI-powered chatbots and virtual assistants are transforming customer service, providing personalized interactions and seamless support.

With AI, businesses can optimize resource allocation, predict market trends, and improve overall decision-making capabilities. AI is reshaping industries and opening doors to innovative solutions, paving the way for a digital future.

4.1 APMC2023, 8-9-JUN-2023

About APMC 2023

APMC 2023 (The 2nd Asset and Project Management Conference) is a conference on Project Management and Asset Management which is co-organised by the Public Works Department of Malaysia (JKR Malaysia) and the Malaysian Asset and Project Management Association (MAPMA) with the support of our private sector partner, UEM Edgenta.

For your information MAPMA was established in 2008, under the auspices of JKR Malaysia, with the objective of being the principal driving force in the Malaysian Government's push to achieve excellence, not only in the Project Management of our nation's construction projects and installations but in Asset Management of those projects and installations after completion. It is with this aim in mind that these APMC's were organised, in tandem with the National Asset and Facilities Management Convention of Malaysia (NAFAM), which is on a larger scale.

APMC 2023 is the 2nd edition of the conference after the first one held in 2019. With the theme "Transforming Maintenance Culture for Asset Sustainability", APMC 2023 will gather Project Management and Asset Management experts from Malaysia and around the world and will be a place for exchange of ideas, networking and engaging in lively discussions on emerging topics of interest in the areas of Project Management and Asset Management.

Since the Covid-19 pandemic is far from over, the APMC 2023 will be in hybrid mode so that participants can choose to attend the conference in person or virtually.

Who should attend?

- Contractors
- Consultants
- Government and private sector personnel involved in the management of construction projects and installations
- Government and private sector personnel involved in the asset management of projects and installations after completion
- Asset owners
- Asset operators

Conference Highlights

- The Opening Ceremony for APMC 2023 will be officiated by the Minister of Works, Malaysia
- Premier Keynote Address on Asset and Project Management will be delivered by the Chief Secretary (KSN) to the Government of Malaysia
- Launching of Malaysia's inaugural "Global Maintenance Day", under the auspices of the "Global Forum on Maintenance and Asset Management" (GFAM)
- Presentation of the inaugural "MAPMA Excellence Awards" in Project Management and Asset Management
- There will be an exhibition for Project Management and Asset Management players to showcase their products and services

07 Build your career in project management

In today's competitive business landscape, project management skills are highly valued by organizations. The ability to effectively plan, execute, and monitor initiatives is crucial for successful project delivery. If you have a passion for leadership, and driving change, a career in project management might be perfect for you.

Project Management Institute (PMI) provides a comprehensive platform to help individuals succeed in project management careers. Whether you're starting out or looking to advance, PMI offers the tools, resources, and support you need. Here are key steps to consider on your journey to becoming a project management professional.

Become a PMI member:

Joining PMI opens doors to a world of opportunities. As a member, you gain access to industry-leading publications, research reports, webinars, and networking events. Connect with like-minded professionals, learn from experts, and stay updated on project management trends and best practices.

Join PMI Malaysia Chapter:

PMI has chapters worldwide, including PMI Malaysia. Joining a local chapter offers unique advantages. Participate in local events, workshops, and conferences to network with professionals in your region. Gain insights into industry-specific challenges and build connections that can advance your career.

Earn a globally recognized certification:

PMI offers certifications that validate your expertise and enhance your credibility. The Project Management Professional (PMP) certification is prestigious and demonstrates proficiency in all project management aspects. PMI also offers specialized certifications like Agile Certified Practitioner (ACP) and Risk Management Professional (RMP). These credentials make you a sought-after candidate.

Access our professional network:

PMI provides a robust network connecting project management practitioners worldwide. Engage with this community to learn from experiences, seek guidance, and collaborate on projects. PMI's online community, PMI.org, offers forums, interest groups, and virtual events for interaction. Build relationships for mentorship, job prospects, and knowledge sharing.

Building a successful project management career requires continuous learning, networking, and staying updated. PMI empowers individuals to enhance skills, gain recognition, and connect with a global community. As a PMI member, joining your local chapter, earning certifications, and accessing the professional network, you unlock numerous opportunities and position yourself as a leader. Take the first step today and embark on your project management journey.

Invitation Best Practice Sharing

Submit your best practice article to the PMIMY newsletter and earn up to 6 PDUs. Your article can provide valuable insights, knowledge sharing, case studies, or thought leadership on various project management topics.

Sharing your experiences and expertise will inspire others and contribute to the overall professional development of the community.

Don't miss this opportunity to be recognized and earn PDU Professional Development Units. Send your articles to PMIMY Newsletter Committee at PMIMYPublication@pmi.org.my today!

Dear members of PMI Malaysia Chapter,

A very warm welcome to our latest PMIMY Newsletter.

We are very excited to bring you some interesting news and activities for the month of May 2023.

Thank you for your engagement and continuous support.
We value each of our members feedback.
